

2011 Jeep JK Billet Pistol Grip Shifter Handle

INSTALLATION INSTRUCTIONS

Tools needed for installation:

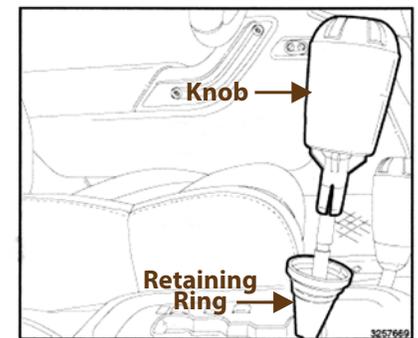

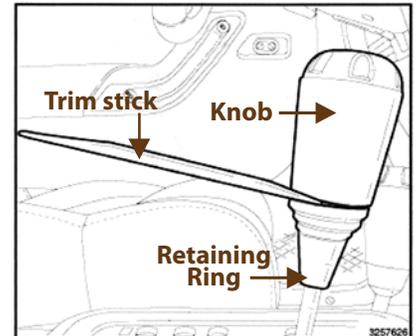

- 3mm hex wrench
- 4mm hex wrench
- Small slot screwdriver or trim stick

Installation:

Remove stock handle:

- Carefully using a screwdriver or trim stick, separate the retaining ring from the knob and slide down the shifter shaft.
- Pull the knob off the shifter shaft.

REMOVING STOCK HANDLE

Jeep Pistol Grip:

- Remove button head cap screws from Pistol Grip sides.
- Loosen set screws until base fits over shifter shaft.
- Tighten set screws incrementally until both are against flats on shifter shaft.
- Now tighten set screws firmly.
- Reinstall button head cap screws.

Enjoy your new shifter from Drake Off Road!
