JEEP WRANGLER JK RUBICON / UNLIMITED WINCH MOUNTING PLATE '07-'10 Kit # 87022

⚠WARNING

Read and understand all instructions, warnings, cautions, and notes in this sheet and in your owners manual before you begin the installation kit.

A. Before Installation

⚠NOTE

Kit parts are ***ONLY*** to be used with **OR-Fab** bumper: **83204 / 83212 / 83224** OEM Fog Light Bumpers

1. Read all warnings and instructions completely and carefully before you begin.
2. Check to make sure the kit is complete (refer to the **Parts List** at the end of this document).
3. Only install this kit on the vehicle for which it is intended. If anytime during the installation you encounter something different from what is outlined in the instructions, call technical support at (928) 636-7080.

B. Get ready to install kit

1. Prepare the light bracket for installation.
 - a. Position **kit Winch Mounting Plate** centered on topside of bumper. Be sure to use a straight edge or fairlead on **kit Winch Mounting Plate** allowing the fairlead to mount flush against the front face of the bumper.

- b. Using the **kit Winch Mounting Plate** as your template, mark the four outside ears for drilling. Use 1/2" drill bit & drill your marked holes.
- c. Once **kit Winch Mounting Plate** is in position and fairlead is flush with face of bumper; Mark the four inside holes for your winch using the **kit Winch Mounting Plate** as a template.
- d. Check the size of your winch mounting hardware(provided with your winch) and use appropriate size drill bit to drill your inside holes.
- e. Install **kit Winch Mounting Plate** using provided **kit 1/2" hardware**. Center and tighten all kit bolts.

- f. Set your winch on top of **kit Winch Mounting Plate** and use your provided winch mounting hardware to mount your winch. (**NOTE:** It maybe necessary to purchase longer hardware for your winch to mount properly through the **kit Winch Mounting Plate** and bumper.)

C. Parts List
