

NOTE: PLEASE READ AND UNDERSTAND INSTRUCTIONS COMPLETELY BEFORE INSTALLING THIS BRACKETRON MOUNTING ACCESSORY.

This Bracketron PH-Grip-iT Pro-Series mobile device solution is designed to give you multiple mounting options for the way you use and carry your mobile device. This kits interchangeable components gives you all the options you need to safely mount and secure your phone in your vehicle.

PH-Grip-iT Included Hardware

The **Bracketron PH-Grip-iT** contains a number of mounting options that allows the end user to mount an unlimited number of today's most popular mobile devices. The wings on the right and left expand by pressing the button on the lower right hand side of the unit. To adjust it to the unit that you are mounting, place the unit inside the PH-Grip-iT. With the wings in the open position, close them so they grip the unit tightly. To accommodate for larger/smaller objects, you can slide the wings up or down so that the unit is securely fastened in the PH-Grip-iT. You can also adjust the feet so that they secure the bottom of your portable device.

INSTALLATION OPTIONS

Option 1.

Option 1 allows you to mount the PH-Grip-iT to any Custom Bezel Mount's made by Bracketron. **Visit our website at www.bracketron.com or see your local retailer for a complete list of Custom Bezel Mounts that Bracketron has to offer.** The PH-Grip-iT will mount to any professional Amps compatible Custom Bezel Mount. Use the Adapter Plate (9) along with the included mounting screws and stop nuts (7) and (8), attach the Adapter Plate to the mount by connecting the 4 Phillips Pan Head screws to the 4 Nylon Locking Nuts and tighten with a Phillips screwdriver. Attach the PH-Grip-iT to the Adapter Plate (9).

Option 2.

Option 2 allows you to use the the included Air Vent Mounting Kit. Assemble the Air Vent components (6) and attach it to the back of the Main Body (1). Carefully slide the PH-Grip-iT into the vehicles air vent and until it clips onto the vent louvers. Adjust the position using the swivel support.

Option 3.

Option 3 allows the Main Body (1) to be mounted to any T-Notch compatible device. To mount this onto a T-Notch device, simply slide the T-Notch into the slot on the back of the Main Body (1).

Option 4.

Option 4 allows you to use the double sided 3M removable VHB tape (2) to secure the PH-Grip-iT to any clean surface of your vehicles dash. Make sure to use the alcohol prep pad (3) on the back of the Main Body (1). Peel off one side of the 3M tape. Center and apply the tape to the back of the Main Body (1). Locate a spot on your dash and clean it with the alcohol prep pad. Peel the remaining side of the tape and apply the Main Body (1) to the dash. **Note: For best results, let tape cure for 48 hours before use in temperatures above sixty degrees.**
