## Half Door and Window Storage Bag

82210548

**A**

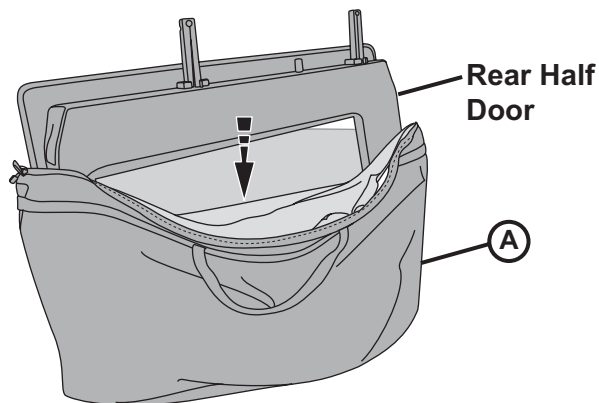

Orient a front half door with the legs up and place it in the rear compartment of the bag.

**1**

Wrap protective cover over half door. Orient the second front half door with the legs down and place it in next compartment.

**2**

Orient a rear half door with the legs up and place it in the third compartment of the bag.

**3**

Wrap protective cover over half door. Orient the second rear half door with the legs down and place it in the last compartment.

4

Hook the two hooks on the bottom of the bag to the child restraints on the bottom of the rear seat.

5

Hook the two straps on the top of the bag around the headrests on the rear seat and fasten the buckles.

6

Note: To store the windows, you will need a 3 Compartment Storage Bag, part # 82210326.

If you have the storage bag, roll it and attach it to the D-Rings on the side of the Half Door Storage Bag.
