

# Bimini Plus Top

1992-1995 Wrangler

**Part Numbers:11121.31XX– Outland Part Number: 92811, 92815, 92817**

**Included Components:**

- 1-Bimini Plus Top
- 2-J-Clips

If your Wrangler does not have a soft top Windshield Channel, your installation requires the purchase of an aftermarket Windshield Channel (Part # 13308.01)

## **INSTALLATION INSTRUCTIONS:**

Before you begin, the temperature of the Bimini Plus should be above 70 degrees Fahrenheit. We suggest laying the Bimini Plus in the sunlight for 1 hour before installation.

1. Locate the front edge and fold over (Figure 1).

Figure 1

2. Place the Bimini Plus on top of Jeep. Insert folded edge into Windshield Channel, working from one side of vehicle to the other (Figures 2 & 3).

Figure 2

Figure 3

3. Locate the Velcro straps on each side of the roll bar. Wrap the flaps around the roll bar and fasten (Figures 4 & 5). Do both driver and passenger sides of the vehicle.

Figure 4

Figure 5

**NOTE:** The rear straps can be fastened in two different methods:

Option 1 shows how to attach the Bimini Plus to your vehicle using J-Clips.

Option 2 shows how to attach the Bimini Plus to your vehicle around the rear shoulder seat belts.

#### **Option 1 (with J-Clip)**

4. Feed the rear corner straps through the J-Clips (Figure 6) and place the J-Clip under a convenient attachment point, such as a rear corner rail or floor loop (Figure 7).
