

## INSTALLATION INSTRUCTIONS

JEEP GRAND CHEROKEE  
(2005-2007)

**NOTE: READ INSTRUCTIONS COMPLETELY BEFORE INSTALLING THIS BRACKETRON PHONE MOUNT.**  
All instructions are written from the drivers seat position looking forward at the vehicle dash. We advise caution whenever your removing or handling plastic parts of a vehicles dash. **WARNING:** Unnecessary force or pressure can cause pieces to crack or break.

**Logo and part number will be right side up and readable when installed.**

**TOOLS NEEDED:** Dash Trim Tool (Part #SIT-104), #2 Phillips screwdriver.

**PARTS INCLUDED:** One CBM and instructions.

**LOCATION OF MOUNT:** To the right of the climate control

### Step 1.

Begin installation by using the Dash Trim Tool (Part #SIT-104) to release the trim ring around shifter. There are six clips that secure this trim ring to the shifter bezel. **Note:** Be carefull when removing this trim ring as it is very fragile. Set trim ring aside in a safe place. Continue with the Dash Trim Tool removing the bezel that surrounds the shifter. Set this bezel aside in a safe place.

### Step 2.

Use the Dash Trim Tool to remove the bezel that surrounds the radio. This bezel has two clips on the top, two on each side of the air vents, and one on the bottom directly under the radio. Remove the bezel and set aside carefully. Use the Dash Trim Tool to release six clips from the main dash bezel that has the climate control integrated into it. When released, pull gently to gain access to the lower right screw that secures the radio. Remove this screw with a #2 Phillips screwdriver and set screw aside in a safe place.

### Step 3.

Place Custom bezel Mount over existing screw hole, replace factory screw, and tighten. Reinstall the dash trim bezel in reverse order. Install any **Bracketron** phone holder or Amps compatible device to your **Custom Bezel Mount**.

Your installation is complete.
