1 Preparing Parts For Storage

Use the Window Storage Duffel to store the various PVC glass components of your Jeep® Soft Top and/or accessories. (Example: Rear and quarter windows, or windjammer).

It is recommended that you clean the components before storage:

FABRIC: The material should be washed using soap, warm water, and a soft bristle brush. Rinse with clear water to remove all traces of soap.

GLASS: DO NOT use a brush on the PVC glass! Wash with a watersoaked cloth or sponge and mild dishwashing detergent. NEVER WIPE THE WINDOWS WHEN THEY ARE DRY. Be careful when cleaning snow or frost from the windows since they are easily scratched and may crack at low temperatures. DO NOT roll the windows in cold weather. The glass may become stiff and will crack. Cold cracks are not covered under warranty.

WARNING

This Window Storage Duffel is designed primarily to store the removable glass panels on your soft top and other accessories. Please note that during prolonged exposure to heavy rain or snow, some leakage may occur. Please plan accordingly. The Window Storage Duffel will not protect the PVC glass from cold cracking.

Installation Tips

Before you begin using the Window Storage Duffel read all instructions thoroughly.

Note:

It is normal for the fabric to contract and wrinkle when stored in the shipping carton. Within a few days after the installation, the fabric will relax and the wrinkles will disappear.

2 Window Storage Duffel

Unroll the Window Storage Duffel to store the various PVC glass components of your Jeep® Soft Top and/or accessories. The storage unit has 4 layers of non-woven fabric developed to protect the glass from chemical reaction. Insert each piece between the layers.

After inserting glass components tuck them under the side flaps and secure the side straps. Roll the storage unit to where the hook and loop line up. The outer web straps can be secured onto the sport bars of the Jeep® during off road travels.

To provide maximum protection of your glass, avoid storing duffel under heavy objects.

Limited Warranty

We warrant our product to be free from defects in material and workmanship, for the terms specified below, provided there has been normal use and proper maintenance. This warranty applies to the original purchaser only. All remedies under this warranty are limited to the repair or replacement of any item or items found by the factory to be defective within the time period specified.

If you have a warranty claim, first you must call our factory at the number below for instructions. You must retain proof of purchase and submit a copy with any items returned for warranty work. Upon completion of warranty work, if any, we will return the repaired or replaced item or items to you freight prepaid. Damage to our products caused by accidents, fire, vandalism, negligence, misinstallation, misuse, Acts of God, or by defective parts not manufactured by us, is not covered under this warranty.
