

Hobbs Add-on Accessories – Light Pod Mount

Part#: 1001-ADLEM01

ICD Design, LLC is not responsible for any damage that may occur during installation.

This is a general assembly manual and may vary by vehicle and applications. Please consult our technical department for more information and assistance.

This light pod mount will fit all HOBBS Freedom Series Bed Racks.

It is also designed for universal application for other bed racks and roof racks. Some modification and drilling may be required

PARTS LIST:

ASSEMBLY

- The Light Pod Mount can be mounted to any of the holes and slots on the bed rack. It can also be mounted to any part of the bed rack to meet your lighting requirement. Drilling may be required.
- It is supported by two bolts for a strong and secure fit.
- A special slot on the mount allow you to pass your cables through for a clean fit and finish.

Please check the mounting bolts on a regular basis, especially if you are going off the urban path. On a regular basis and especially if you do a lot of off-roading, inspect and tighten any loose bolts.
