

INSTALLATION INSTRUCTIONS

Wrangler JL All Models

*Will ONLY work with vehicles equipped with the LED option.

Peel backing off
both areas of red
tape when ready
to install.

1. Ensure lens is clean of dirt, grime and wax.
2. Using supplied 3M double faced tape install light guard as per diagram above.
3. *NOTE: Tape is pressure sensitive. Must apply even pressure when installing.

Please contact jeeptweaks@gmail.com for installation inquiries.
