

MODEL # KWF54
Jeep TJ Wrangler Kicker Premium
Upgrade Speaker System

INSTALLATION INSTRUCTIONS / FRONT DASH

FOR JEEPS 1997 TO 2002 YOU MAY NEED TO REMOVE SOME MATERIAL AS SHOWN IN PIX # 1 & 2. (FOR JEEPS 2003-2006 YOU WILL NOT NEED TO REMOVE ANY MATERIAL). THE MATERIAL IN BETWEEN THE WHITE LINES MUST BE REMOVED AS SHOWN IN PIX # 2 THIS CAN BE DONE WITH A SMALL HACKSAW OR TIN SNIPS. THE HACKSAW IS PROBABLY THE EASIEST WAY. SEE PIX 3 & 4. MAKE SURE THERE ARE NO WIRES IN THE WAY !!!

YOUR CUSTOM SPEAKER KIT IS PLUG & PLAY AS LONG AS YOUR ORIGINAL PLUGS HAVE NOT BEEN CUT OFF.

SPECIAL NOTE: IF YOU HAVE A 2002 YOU MAY FIND THE PLUG FOR THE FRONT SPEAKERS DOES NOT MATCH THE PLUG IN YOUR JEEP. THIS IS BECAUSE 2003 WIRING HARNESSSES WERE USED IN THE FRONT OF A FEW 2002'S. IF THIS IS YOUR CASE , GIVE BOB A CALL (610-358-1886) AND HE WILL SEND THE CORRECT PLUGS.

PAY ATTENTION THE SPEAKERS ARE LABELED DRIVER SIDE & PASSENGER SIDE. IF YOUR FACTORY SPEAKER PLUGS HAVE BEEN CUT OFF, REFER TO WIRING COLOR CODE CHART BELOW.

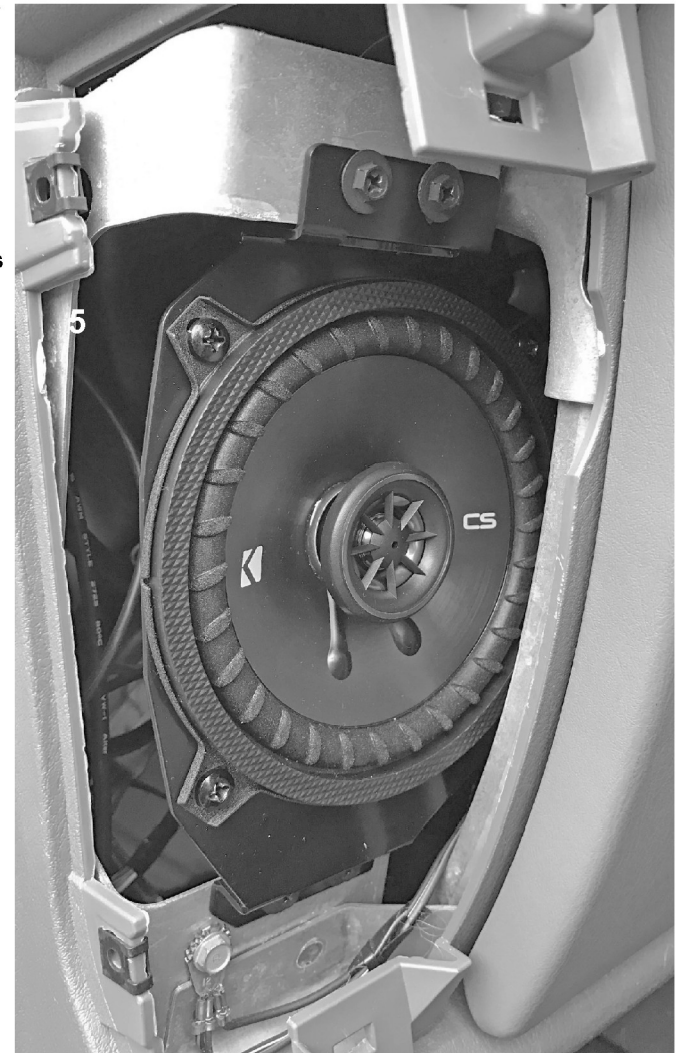

- STEP 1: REMOVE PHILLIPS SCREWS SECURING SPEAKER GRILLS
- STEP 2: REMOVE 4 SCREWS SECURING SPEAKER
- STEP 3: UNPLUG FACTORY SPEAKER, AND PLUG IN NEW SPEAKER.
- STEP 4: REINSTALL SPEAKER SCREWS AND GRILL
