Thank you for your purchase! Please read all instructions carefully prior to beginning installation of your Rock Hard 4x4 product.

Thank you for your purchase! Whether you bought this Rock Hard 4x4 product from one of our fantastic dealers or our factory direct team, we thank you for your business.

Rock Hard 4x4 is a family owned and operated business. We are headquartered in Saint Paul, Nebraska where we design, fabricate, and produce every single one of our products. Every single part we manufacture is 100% Made in the USA and exclusively in house by the Rock Hard 4x4 team.

We outsource zero processes.

To you, that means the product you are installing is the highest quality and longest lasting component on the market.

To us, that means you've selected a part we've spent years developing. Each Rock Hard 4x4 part has gone through more research and development and evolution than most people realize. While our parts may have the same striking look year after year, subtle revisions and refinements we implement maintain their status as the most durable and easy to install on the market.

We invite you to send us your feedback! Please email, call, write, or catch us on an off road trail near you to share your tales, share comments, and ask questions.

Thank you for your purchase! Please read all instructions carefully prior to beginning installation of your Rock Hard 4x4 product.

PLEASE NOTE: Some 2012+ models may require drilling a hole in rear cross member where tab installs. Some require removing the OEM cover that has wires going through it. This will expose a needed bolt hole.

1. Remove hoses and wire connector from canister, remove canister bracket from vehicle.
2. Bend bracket tab to remove canister from bracket.
3. Remove nuts from emergency cable wire bracket above rear axle housing.
4. Install Rock Hard 4x4 Emergency Brake Drop Bracket with factory nuts.
See photo 1.
