Required Soft Top Components Needed for installation of the Mesh Trail Screens:

This product requires the use of the factory rear driver and passenger side soft top corner supports. You will need to use your current soft top rear corners by easily removing them from your current side quarter windows. Please see below on how to remove your current Soft Top Window Corner Supports and install the Mesh Trail Screens to these corner pieces:

Step 1: Removing the Rear Corner Support from a Factory Soft Top Window

FIG 1

FIG 2

Put on Safety glasses. Remove your rear quarter window from your vehicle. When you remove this window there will be a rear corner support installed on the window with four Torx head screws. On a soft towel or sheet, lay the quarter window with the inside of the window facing up (FIG1). Locate the included T15 Torx tool and carefully remove the four Torx head screws from the corner support (Fig 2). Be sure to save these screws!

FIG 3

FIG 4

FIG 5

Once the screws are removed, lift up the plastic plate holding the window onto the corner support (Fig 3) Once the plate is removed, slide/peel the plastic retainer mounted on the window out of the "J" channel as shown in Fig 4. The window should now be separated from the side support (Fig 5).

Step 2: Installing the Trail Mesh Quarter Windows to the Corner Supports

FIG 6

FIG 7

FIG 8

FIG 9

FIG 10

On a soft towel or sheet, lay the Trail Screen with the inside of the Trail Mesh facing up and the rear corner support in front of the Trail Mesh (FIG 6). Line the four holes on the Trail Mesh up with the four holes on the rear corner support (Fig 7) and then place the top "cap" on top of the Trail mesh lining up the four holes in the "cap" with the holes in the corner support/Trail mesh (Fig 8). Using the Torx driver, re-install the four screws (Fig 9) and tighten. The Trail mesh should now be installed on the corner support (FIG 10). Repeat on the other side.

Once the Side Quarter Trail mesh screen is installed on the rear corner supports, the rear mesh installs the same as your factory windows. install the quarter Trail mesh first and then the rear Trail Mesh attaches to the rear corner pieces.

Limited 3 Year Warranty

Your MasterTop® accessory is covered by the following Limited Warranty provided exclusively by MasterTop, Inc., 420 J Corporate Circle, Golden, CO 80401.

This Limited Warranty is the only warranty made in connection with your purchase. MasterTop neither assumes nor authorizes any vendor, retailer or other person or entity to assume for it any other obligation or liability in connection with this product or Limited Warranty. This Limited Warranty does not apply and is not cumulative to any accessory or part distributed by any MasterTop distributor for which the Manufacturer provides a separate written warranty.

What is Covered: Subject to the terms, exclusions and limitations herein and with respect only to MasterTop branded accessories first sold in the United States, MasterTop warrants to the initial retail purchaser only that your MasterTop accessory shall be free of defects in material and workmanship; **for a period of 3 years from date of initial retail sale.**

All other warranties are hereby disclaimed, except to the extent prohibited by applicable law in which case any implied warranty of merchantability or fitness for a particular purpose on this product is **limited to 3 years from date of initial retail sale.** MasterTop reserves the rights to: (a.) require invoice or other proof your product is within the terms of this Limited Warranty as a condition of warranty service and, (b.) make future revisions to this product and Limited Warranty without prior notice or obligation to upgrade your product.
